1993/1212.txt:3:The admonition, “Be ye perfect as your Father is perfect,” is attributed to the teacher known to you as Jesus. We, too, encourage the attempt to be perfect, that is, be perfectly loving just as the infinite Creator is infinitely loving and purely loving. Yet, this instrument himself was a broken and imperfect entity within the veil of third-density incarnation. [However,] this teacher encouraged this drive towards perfection again and again. However, this teacher, in the ministry which expressed without words the nature of this entity’s love, chose again and again to bestow that love, charity and wisdom upon those which any civilized culture would call imperfect—the tax collector, the prostitute, the halt and lame and those possessed—a veritable rogues’ gallery of failed and sinful entities.

2000/0923.txt:6:We realize that each of you would like to vibrate as the Logos. Each of you would like to have that perfect vibration of love, and yet we say to each of you how perfect you are as you are, as you turn, as you change, as you come to this moment. How well you hold within yourself the unity of all that there is. How gently do you cradle that being within that shall be and has always been a child of the one infinite Father. This instrument objects to the use of the word, Father. We object to the Father calling a Father, Mother. Consequently, shall we say, “celestial parent.”

2001/1007.txt:5:Each priest needs to spend time in that sanctuary that has to do with no one but the self and that connection that is sacred between the self and the infinite Creator, between the loved and the lover, between the spark and the source of that spark, that great fire, that great light,

that great love, that great Thought that is the one infinite Creator. It is helpful to picture entering, not that empty room of impersonal prayer, but a very personal room that is the heart of self and in which there waits the figure of the Creator as the Creator would appear to you. Many see the Creator as Father. Many see the Creator as Mother. Some see the Creator as the Christ, as does this instrument. Whatever that image is, realize that the Creator is waiting for you there and that you go to be with your true self when you enter the sanctuary of silence.

2003/0206.txt:16:We of the Confederation of Planets have come to tell a very simple story. It is a story of thought. It is a story of the power of thought. It is a story of the power of a certain Thought that created all that is. It is a story of the power of absolute and unconditional love. It is a story of intelligent infinity and the desire of that infinity to know itself. It knows itself with every thought of its children and each entity of whatever density of whatever planet within the infinite creation is a child of the Father, or as many would say in this time of political correctness: Father/Mother.

2003/0219.txt:14:The heart chakra is not that which is worked with as much as it is that which is entered, as one with great gratitude enters the holy place in which one is safe, loved, cared for, and appreciated as a child of the one infinite Creator, a child and an heir, a rightful and loving heir, and, indeed, a co-Creator. The space of the heart is that which is filled with the balm of Gilead. It is that which beams and radiates as the sun. It is that in which there is no effort, strife, or worry but only the feeling of loving arms, a strong and loving chest and shoulders to rest [the head]

upon when one is weary; a capacious lap to sit in, to nestle in, to curl into and to go to sleep in when one is exhausted within the heart. This is the energy of healing, the energy of unbridled and unstinted compassion. This energy is that energy that is the steady state of the creation of the Father, that vibration which is the essence of the one great original Thought of the infinite Creator.

2003/0321.txt:7:This specific way is so completely other than the culture in which your peoples experience life, see contracts and jobs, that it is very different to wrap the mind around the job at hand. However, this job is to live a life which contains as much consciousness and awareness and accurate observance of all that is seen as possible. It, then, requires the instrument that is your soul to aid as a shuttle in bringing into the physical body and out into the metaphysical inner planes of this planet, by intention, the infinite love and light of the one Creator which at all times is moving through the openhearted entity and being sent by intention either to the Creator, to the fourth-density grid of this planet, which this instrument is so interested in strengthening, and to the people that one comes in contact with on a daily basis, that can be served and can be prayed for by the simple level of consciousness expressed within, that sanctum sanctorum which is the opened heart wherein the entity is in tabernacle with the one infinite Creator. To carry this persona into the world is to carry peace into the world, to carry light into the world. To carry this consciousness means that you begin to see yourself as the Christ. You begin to see others as the Christ. You begin to see the creation as an expression of the Father and you begin to see that in being the most essential self that you can, you are moving closer and closer to the selfhood that is the Christ, that is the "I" of "me."

2003/0824.txt:2:All that is visible, all that is invisible, is vibration. The vibration of the Father, as this instrument is wont to call the godhead principle, is a singular vibration which we are used to calling that term, the Logos, which is a term in this instrument's vocabulary from its Christian heritage—Logos, the Word, the Word which is love, unconditional love. That

vibration is the vibration of the Creator. Those vibratory nexi that manifest as each person here, each of you being a sub-logos, in part, of the infinite Creator, have the goal of moving in vibratory level more and more close to the vibration of the Logos, to the energy of unconditional love. Regardless of what outer gifts you have, this gift is at the heart of your experience of yourself as an essence, of your getting to know yourself as a true being. As you are able to come more and more into an awareness of what the energy of unconditional love feels like, you are coming closer and closer to your own heart.

2005/0304.txt:20:Your first work in consciousness is to come into open communication with yourself. You have put judgment away. That is not part of your personality any more. You have put doubt away. You are dwelling as a citizen of eternity. Your possibilities have become infinite. The world has dropped away in terms of consensus reality and you are living at this moment, doing this work in time/space and in the company of all who have gone before you, living a life in faith, dwelling in the sacred temple of the open heart. Here you are never alone. The Creator Itself holds you in an embrace that is nearer to you than your breathing, closer to you than your body. If you need to—and it is sometimes necessary to realize that this is all you need and all you can bear—crawl into the lap of that great entity that is the Creator, however you may see this entity—mother, father, great principle. Crawl into this loving lap and rest. Do no more than that if this is what you need. Let angels surround you. Let the love that is completely unconditional, that created you and sustains you, now rock you and sing to you and sleep the sleep of one who is loved as a child is loved by its mother.

2005/0330.txt:20:The one known as Jesus faces the struggle between good and evil in a very simple way. This entity simply said, "Get thee behind me, temptation, for I will serve my Father."⁶ It is not a complicated path and it is often a path which involves suffering. The choice of love over fear can be seen to be quite brutal at times. Turning the other cheek, loving when one is reviled, bowing the head to those who

would harm, and remaining meek in situations where those without the awareness of unconditional love would spring to defend themselves is harsh. We can only say that the rewards of keeping it simple and hewing to the ways of love are infinite. It is love and not cleverness that will clear the sight of those who feel that they may be blind on the inner planes. It is knowing that one is part of the true vine that will give the soul rest through difficult periods when all seems confused and help does not seem to be near.

2005/0330.txt:21:We ask you to rest within your energy body at this time, to breathe in deeply, and to exhale deeply, knowing that you are breathing in the consciousness of Jesus the Christ and that you are breathing out that same consciousness. It is nearer to you than your thoughts or your hands or your feet. Indeed, your very heart pumps love... love... love... Your essence is true. It has been expressing and continues to express, through a physical body, a mental, and [an] emotional body that often seem very biased and distorted. And these bodies will fail, go down to the dust, and end. That portion of yourself that came into incarnation that is of the spirit is infinite and eternal. What is the glory of following one such as Jesus the Christ? That glory is in the focus of that one being, and how that lens of the infinite Creator can sharpen and delineate your path, so that you have a blazingly clear view of who you are and Whose you are. By all means welcome back into your consciousness the teacher known to you as Jesus. Insofar as it is necessary for you to do, love him as a human being, but remember always that he wished to express the truth of the Father. He wished to be the lens that would indeed focus you to become as he, the servant of the Father, an active, living portion of the Creator. His words are wrapped in silence. His truth is wrapped in mystery. But that Word of love, which is the consciousness of the Christ, is all in all.

2007/1229.txt:23:Yet you must ask, for they cannot infringe upon your free will. Therefore, please draw about you that wonderful network of loving presence that is always about you. And do not forget to ask nature to help you, for that, too, is a kingdom of the Father. The very

ground loves you beyond all telling. The air, the trees, all that there is in the kingdom of the Father is dancing with you and inviting you to join in that wonderful, harmonious rhythm of the dance of the One. For all within nature, not having self-consciousness, is fully aware of the truth and is very happy to be part of the one infinite Creator in its manifestation in this illusion.

2008/0927.txt:6:Your sun body is a sub-Logos, a manifester and center of light and love, which it pours out upon all indiscriminately, generously and with great love. As you are perhaps aware, the actions of each of you do not go unnoticed in the universe. The creation of the Father is one and the universe balances itself endlessly with regard to each and every one of its infinite bits and pieces of creatorhood which are making the long, circular journey from alpha to omega and entering into alpha once again.

2009/1017.txt:12:When the self does not feel safe or secure there is the contraction of the energy body, which lessens or sometimes cuts off completely the infinite flow of love/light which is in supply from the Creator in tremendous generosity. Consequently, in terms of knowing who you are, it is very well to find for yourself a haven, a safe place within yourself if not outside of yourself, a place where you may rest and your energy body may flower and open and breathe in the love/light of the infinite Creator through the chakras, up through the heart, up through the higher chakras, and out again into the creation of the Father. The more you rest in this inner place of safety, the more you find out who you are.

2011/0122.txt:19:Yet we may offer thoughts about who that third member of the unity of the Creator may be, for the one known as Jesus, the Christ, related to the infinite Creator as "Papa." In the Aramaic language "Abba" does not simply mean "Father." It means "Daddy" or "Papa." It is a name of great affection and love. When the one known as Jesus the Christ gave over his will to the one infinite Creator, he gave over his will to his beloved "Daddy." This was His perception of the Creator.

2019/0914.txt:73:I am Q'uo and am aware

of your query, my brother. First of all, we would suggest that each person see each new child not just as a child of a mother and a father of third density, but as a child of the One Infinite Creator, for in truth, that is the nature of each child and each entity upon this planet. Seeing each child as the Creator, look then to how the Creator within all may be apprehended and taught to this child as a means of daily inspiration and recognition of the Creator that exists in all. Find a manner in which you may share your love of the One Creator with this child upon a regular basis, just as you learn arithmetic and reading in your schooling system, teach them the oneness of all creation, teach them the unconditional love of all creation, teach them the light of truth of all creation, teach them the interrelatedness of all entities within the one creation, and most especially at this time, upon the planet you call Earth.

2019/1123.txt:20:As it traveled to these various locations, studying with various masters, it became aware that as it was able, in its meditative state, to enter into a unity with the One Infinite Creator, whom the entity called the Father, then the entity known as Jesus eventually became able to blend its totality of being with that which it called the Father, or which it saw as love. And as it was able to blend its beingness with the Father, with the creative principle of love, it then became that which it sought and in many cases, in the recordings of the words of the entity known to you as Jesus, this entity speaks as the Father. The entity speaks not just as the one known as Jesus, although in other locations it spoke as the entity Jesus who had access to becoming the Father.

2019/1207.txt:35:All wanderers have, as another goal, the desire to provide certain specific services according to their unique talents. Some become teachers of spiritual principles, some become healers of mental, emotional, spiritual, or physical difficulties, some become those who may be seen as creative artists that express through word, through paintings, through music, the love and light of the One Infinite Creator, the unity of all creation, and so forth. Others, simply go about a daily round of activities, in what could be seen as a normal third-density experience, being mothers, fathers, teachers, clerks, bishops, and so forth, and in this attempt to serve, offer that love vibration which colors each service in a fashion which those entities receiving the service become aware of, if not on the conscious level, then upon the sub-conscious level, so that the effect is, shall we say, vibrating love from the foundation of one's being, upward and outward into the conscious expression of one's own unique being.

2020/0220.txt:59:This contact with intelligent infinity becomes that which blends the microcosm with the macrocosm, the seeker with the One, which it has always been since before time. Thus at this point, the individual will of the entity, though still available as a potential or a possibility, is given over to the will of the One Infinite Creator, so that the entity then begins to move about in its daily round of activities as a vessel or vehicle of the One Infinite Creator, going about the Father's work, shall we say, being cognizant of the need to share the love and light of the One with all around one.
